

October 2019

Dear Parent/Carer

Y11 Core Concepts Evening - Tuesday 15 October 2019 5:30 pm - 6:20 pm

As you may have seen this year, students at Outwood Academy City Fields achieved fantastic GCSE results topping schools in the community for English and Science and performed highly also in Maths. For example, 85% of students achieved a 4+ in English, 72% achieved a 4+ in Maths. This converted to 69% of students achieving a grade of 4+ in both English and Maths. These are truly amazing results.

This success was driven by students' hard work but also the huge support from parents and carers, who helped our students achieve these outstanding results by supporting them at home, encouraging homework completion, attendance at Enrichment and critically, starting a revision plan early.

This year we are hoping to have the same fantastic response again from students and from their families. We would like to invite you to a joint English, Maths, Science, and Revision Evening in school on Tuesday 15 October, starting at 5:30 pm.

The evening will consist of a presentation sharing the work your child will be doing within lessons in the approach to their summer GCSE exams in 2020 and what study will be expected to be completed at home.

Mrs Coe (Head of Science), Mr Adkin (Head of Maths), Mr Thomas (Head of English) with Miss Hough and Mrs Colledge-Smith will discuss the type of tasks students will be expected to complete at home this year in preparation for their exams and the ways in which we can support students to strengthen their understanding. We will include a brief demonstration on how to use all of the revision materials that students have/will be given from their core subjects.

Light refreshments will be provided on the evening and students will receive a pack of resources to help them revise at home.

Your support as always is greatly appreciated and we look forward to meeting you soon.

Yours faithfully

Michelle Colledge-Smith
Associate Principal
